Phase II General Permit NCG230000 (non-coastal only)

Session Law 2006-246, Section 4.(a)(b) outlines a "Delineation Process" to establish **regulated coverage areas** in unincorporated areas *outside a municipality that is designated* as a regulated entity. If these areas are delineated, post-construction stormwater requirements in the session law will apply there. Maps of the areas identified as candidates for delineation are in the table below. A list of public entities located in whole or in part in the candidate coverage areas is provided below the table.

Maps of Candidate Coverage Areas	
Broad River Basin	*Neuse Basin, cont.*
Forest City	Creedmoor
Rutherfordton	Farmville
Shelby	Havelock
Spindale	Kinston
Chowan & Pasquotank River Basins	New Bern
