Determination of Minor Construction Activity

North Carolina Division of Water Quality
Infrastructure Finance Section

Project Applicant:	Town of Robersonville
Date:	March 20, 2012
Project Number:	CS370758-02
Estimated Project Cost:	$1,166,656
Estimated Funding Amount:	$1,143,780

Project Description: The proposed project will rehabilitate the Town's centralized wastewater collection system and reduce discharge to the wastewater treatment plant. Proposed improvements include the following: (1) clean, CCTV and line approximately 6,300 linear feet (l.f.) of 8-inch gravity sewer using Cured-In-Place Pipe (CIPP); (2) complete approximately 25 sewer point repairs; (3) replace approximately 2,186 l.f. of 8-inch gravity sewer; (4) replace approximately 27 manholes; (5) complete approximately 29 manhole point repairs; (6) rehabilitate approximately seven manholes; (7) reset approximately 32 manhole frames and covers; (8) replace approximately 30 services to the right-of-way; (9) bore and jack approximately 80 l.f. of 8-inch gravity sewer under the CSX railroad; and (10) approximately 500 square yards of asphalt repair.

The above named applicant intends to apply for assistance from the State Revolving Fund program to construct the wastewater facilities described above. The North Carolina Division of Water Quality (DWQ) has conducted a review of the project in accordance with the procedures (NCAC 15A Subchapter 1C) for conformance with the North Carolina Environmental Policy Act. The DWQ has determined that this project is below the minor construction activities threshold outlined in 15A NCAC 01C .0408; therefore, the project is exempt from inter-agency review, and the preparation of additional environmental documents is not required.

This determination shall become effective upon its distribution by DWQ and will be available on the DWQ Construction Grants and Loans Section's website (http://portal.ncdenr.org/web/wq/ifs/er/fonsis). This determination can be revoked at any time adverse information is made available. The documentation to support this decision will be on file with the North Carolina Department of Environment and Natural Resources, Division of Water Quality, Infrastructure Finance Section, and is available for public scrutiny upon request.

Comments concerning this decision may be addressed to Ms. Jennifer Haynie, Facilities Evaluation Unit, Infrastructure Finance Section, Division of Water Quality, 1633 Mail Service Center, Raleigh, North Carolina 27699, or she can be reached by phone at (919) 707-9173.

Sincerely,

Kim H. Colson, P.E., Chief
Infrastructure Finance Section
Division of Water Quality
