STATE OF NORTH CAROLINA, DEPARTMENT OF ADMINISTRATION		
DIVISION OF PURCHASE AND CONTRACT		
116 West Jones Street, Raleigh, NC 27603-8002		
Term Contract	**926B**	**Recycling Services for Fluorescent Lamps, Ballasts & Other Mercury Containing Devices**
Effective Dates	December 1, 2008 through November 30, 2012	
Bid Number	801473	
Administrator	Dewey R. Bennett, CPPB	
Phone	(919) 807-4530	
Fax	(919) 807-4509	
E-Mail	dewey.bennett@doa.nc.gov	
Last Updated	October 12, 2011	

1. General Information

This contract is intended to offer a flexible menu of options for state and local agencies in managing discarded fluorescent and other lamps and other mercury-containing devices. These options are meant to serve not only units of government but also city and county recycling programs that collect materials from the public. Thus the prices offered by recycling vendors responding to this RFP will hold for government-generated fluorescent and other lamps and mercury-containing devices as well as those collected in public programs.

Fluorescent lights discarded by non-households in North Carolina are effectively banned from disposal in solid waste landfills and incinerators (see fact sheet on the Regulatory Status of Fluorescent Lamps at http://www.p2pays.org/Fluorescent/regstatus.asp). Other mercury-containing devices will likely fail to meet the criteria for disposal as solid waste. To ensure all fluorescent lamps and ballasts, other lamps, and other mercury-containing devices generated by state and local government operations in North Carolina are diverted from disposal, the State has established this statewide convenience term contract with two (2) companies that collect and process these materials for recycling.

NOTE: **This is a statewide convenience contract and is not mandatory for any agency or governmental entity in North Carolina to use.**

Collectively, state and local agencies, universities, community colleges, local school units, and municipal and county recycling programs are eligible to use this contract referred to as "generators" in the text below.

Agencies are welcome to contact either of the following individuals at DENR for guidance and advice about this contract regarding recycling issues and concerns that pertain to their agencies' recycling needs. They can provide more details about the purpose of this contract.

Scott Mouw
919-715-6512
Scott.mouw@ncmail.net

Rachel Eckert
919-715-6505
Rachel.eckert@ncmail.net

2. Scope of Contract

The purpose of this new statewide convenience term contract is to provide for a three (3) year contract for Recycling Services for End-of-Life Fluorescent Lamps and Ballasts, Other Lamps, and other Mercury-containing devices (including thermometers, barometers, thermostats, electrical switches, relays, medical and scientific instruments, and batteries), which will provide for the collection, de-manufacturing, and recycling of Fluorescent Lamps and Ballasts, other Lamps, and other Mercury-containing devices generated by State of North Carolina agencies and other eligible users of the contract, including county and municipal governments,

local school units, community colleges, state universities, and other local public agencies or authorities. The contract will be effective from December 1, 2008 through November 30, 2011. The State reserves the right to extend this contract for two additional years in one-year increments.

3. Available Vendors and General Explanation of Services

The services of two (2) recycling companies, Cleanlites Recycling South, LLC and Southeast Recycling Technologies, hereafter referred to as "vendors," are available under this contract. Both vendors provide processing services directly to generators for Core and Additional Products, with differential rates for varying amounts and types of products.

The vendors also provide other services for fee, including conducting "turn key" public recycling collection events, providing on-site storage trailers, providing training, and providing transport packaging materials. Generators are encouraged to review those parts of the contract to determine how they may apply to their particular situation.

In choosing the best vendor to meet its needs, each generator is encouraged to carefully evaluate its specific needs, its proximity to the vendors, the nature of its surplus inventory, and any other factor that will affect the overall price of service it may request or receive. The vendors are available to discuss the specifics of any generator's situation, if more information is needed. ***Only through a thorough review of services needed versus services offered by the vendors can generators receive the best value from this contract***. **Note: Some vendors charge less, pay more, or have less expensive or more expensive transportation charges. Find your best deal that meets your needs.**

4. Rates for Services Provided

The vendors selected under this contract quote two sets of prices for processing electronic equipment and monitors: one for reuse, and one for recycling. Generators should examine the pricing closely relative to their needs and equipment available for processing. The vendors also offer differential prices for the sorting of certain materials.

Processing of Core Products **Recycling:**

Attachment A: Price Proposal Sheet for Required Collection and Recycling Services

Company Name: CLEANLITES RECYCLING / USA LAMP & BALLAST RECYCLING

All Vendors proposing to provide collection and recycling services for collection and recycling services **must** fill out the "Cost Proposal Sheet" and submit it with their response, but in a separate envelope which should be labeled with the Vendor's name, RFP number, due date and time and the words "Price Proposal." Costs include all required services including collection, transportation, processing, recycling, and proper disposal of hazardous and non-hazardous residues. **Attach additional sheets if necessary.**

To obtain an ordering form from **Cleanlites Recycling** click on the link below:

http://www.ncpandc.gov/documents/RecyclingOrderFormS.pdf

CLEANLITES NC Term Contract NO 926B pricing is submitted per the requirements of RFP #801473 and is based on the $200.00 minimum order as stated in the Bid Addendum dated 9/03/08. Cleanlites reserves the right to schedule pickups in the most cost-effective manner (i.e. our own trucks, LTL carrier, FedEx etc)

LAMP TYPE:	**PRICE:**
Straight Fluorescent Lamps	$ 0.04 PER FOOT
Compact Fluorescent	$ 0.24 each
Shielded Fluorescent, all lengths	$ 1.98 each
U Shape & Circular Fluorescent	$ 0.24 each
HID Lamps	$ 0.79 each
Low Pressure Sodium Lamps	$ 2.65 each
Incandescent Bulbs	$ 0.26 each
Mirrored Spot Lamps	$ 0.36 each
Broken/Crushed fluorescent lamps (Packaged in Sealed Container)	$ 0.94 per lb.
Broken/Crushed HID lamps (Packaged in Sealed Container)	$ 1.20 per lb.
2" Grooved fluorescents, all lengths	$ 0.68 each
4' and 8' w/ ballast module attached	$ 1.55 each
Floods and Plastic Encased Spots	$ 1.25 each
Neon Lamps	$ 2.99 per lb.
UV Lamps	$ 1.65 each

****Lamps taped together will be charged an additional fee of $0.25 per lamp.*

BATTERIES	**PRICE:**
DRY CELL TYPE BATTERIES	
Nickel Cadmium	$ 0.75 per lb.
Nickel Metal Hydride	$ 0.75 per lb.
Nickel Zinc	$ 0.75 per lb.
Absolyte Cells	$ 0.75 per lb.
Alkaline: Zero Mercury Added	$ 0.75 per lb.
Alkaline: containing mercury	$ 4.50 per lb.
Zinc-Carbon	$ 0.75 per lb.
Zinc-Air	$ 4.50 per lb.
Lead-Acid Cylinder Type	$ 0.35 per lb.
Lead-Acid Gel Type	$ 0.35 per lb.
Lead-Acid Steel Case	$ 0.35 per lb.
Mercury	$ 4.50 per lb.
Button Cells: Silver, Mercury, Zinc Air	$ 4.50 per lb.
Lithium	$ 4.50 per lb.
Lithium Ion	$ 0.75 per lb.
WET CELL TYPE BATTERIES	
Nickel Cadmium	$ 0.75 per lb.
Nickel Iron	$ 0.75 per lb.
Absolyte Cells	$ 0.75 per lb.
Carbon Air	$ 0.75 per lb.
Carbon Air with Mercury	$ 4.50 per lb.
Lead Acid Automotive Type	$ 0.15 per lb.
Lead Acid Steel Case	$ 0.20 per lb.
Magnesium	*Waste Profile required*
Mercury	$ 4.50 per lb.

****Price includes weight of container.*

BALLAST / CAPACITORS / ETC	PRICE:
PCB Ballast Recycling *(capacitor material incinerated, metals recycled)*	$ 0.53 per lb. / $0.38 per lb. FOB
DEHP Ballast Recycling (metals recycled)	$ 0.15 per lb.
Capacitor Recycling.....	$ 1.65 per lb.

****Price includes weight of container.*

Note: Leaking Ballast must be wrapped in double polybags and containerized separately from non-Leaking Ballasts. If leaking Ballasts are found in containers of Non-Leaking Ballasts, the whole container will be contaminated and a fee of $1.65 per lb. will be charged for the incineration of the contaminated ballasts.

LAMP FIXTURES	**PRICE:**
4ft – 2 bulb Lamp Fixtures	$ 7.00 per fixture
4ft – 4 bulb Lamp Fixtures	$ 8.00 per fixture
8ft – 2 bulb Lamp Fixtures	$ 14.00 per fixture
8ft – 4 bulb Lamp Fixtures	$ 15.00 per fixture
HID Fixtures	$ 12.75 per fixture

Disassembly of light fixtures, separation & containerization of the lamps, ballast & scrap metal for recycling.

***Fixtures must be neatly palletized or containerized and protected from the weather.*

MERCURY CONTAINING DEVICES	PRICE:
Mercury-Containing Devices.....	$ 3.50 per lb.
Elemental Mercury.....	$ 3.50 per lb.

****Price includes weight of container.*

COMPUTER and ELECTRONIC EQUIPMENT	**PRICE**:
PC Monitors, Televisions and Other Monitors.....	$ 0.39 per lb.
Other Electronic Equipment**	$ 0.29 per lb.

****Price includes weight of container.*

*****CLEANLITES reserves the right to require MSDS Sheets or Material Profiles before acceptance of Electronic Equipment containing oils, gases or liquids. Additional charges may apply for computer / electronic equipment containing mercury switches or relays, batteries, capacitors or other universal waste.***

CARTRIDGE COLLECTION	**PRICE**:
Laser Toner Cartridges	$0.25 per lb
Facsimiles Laser Toner Cartridges	$0.25 per lb
Ink Jet Cartridges.....	$0.25 per lb
Copier Toner Cartridges	$0.25 per lb

****Price includes weight of container.*

We accept all HP, Canon, IBM/Lexmark virgin toner cartridges for laser printer and fax machines. We accept Xerox, Brother, Pitney Bowes, Panasonic, and Sharp virgin toner cartridges. We also accept all ink jet cartridges.

We do not accept Lexmark's HP Compatible Products, copier toner bottles or other toner type containers.

TONER CARTRIDGES MUST BE BOXED AND PALLETIZED;
INK JETS MUST BE SHIPPED BOXED, IN POLYPAILS, OR 55 GALLON DRUMS.

LAMP RECYCLING BOX PROGRAM

LAMPMASTER is a prepaid lamp recycling service that includes a specially designed box that meets all US DOT, US EPA and FedEx requirements, delivery of the boxes to your facilities, return of the boxes via FedEx Ground, recycling of the materials and a certificate of recycling.

4FT LAMP BOXES
(Holds maximum of 49 –T12 bulbs, 100-T8 bulbs, 18-Ubends, 40 compacts or 40 HIDS)

8FT LAMP BOXES
(Holds maximum of 25 – T12 bulbs or 49 – T8 bulbs)

4FT SHATTERSHIELD LAMP BOXES
(Holds maximum of 49 –T12 bulbs or 100-T8 bulbs)

8FT SHATTERSHIELD LAMP BOXES
(Holds maximum of 25 – T12 bulbs or 49 – T8 bulbs)

BATTERY / BALLAST RECYCLING PAIL PROGRAM

PAILMASTER is a prepaid battery / ballast recycling service that includes a pail that meets all US DOT, US EPA and FedEx requirements, delivery of the pail to your facilities, return of the pail via FedEx Ground, recycling of the materials and a certificate of recycling.

BATTERY RECYCLING PAILS ***(Not to exceed 70lbs)***

1 Gallon Pail for Dry-Cell Batteries

2.5 Gallon Pail for Dry-Cell Batteries

5 Gallon Pail for Dry-Cell Batteries

1 Gallon Pail for Mercury, Lithium or Button Cell Batteries

BALLAST RECYCLING PAILS ***(Not to exceed 70lbs)***

5 Gallon Pail Lighting Ballast

CONTAINERS	**PRICE:** *(Includes delivery charge)*
4ft cardboard box	$ 5.00 per box
8ft cardboard box	$ 5.00 per box
5 gallon poly-pail	$12.50 per pail
55 gallon drum for ballasts or batteries	$30.00 per drum

TRANSPORTATION and MISCELLANEOUS FEES

CLEANLITES Scheduled Pickup..... Included in Recycling Fee *(with $200.00 minimum order)*
Delivery to **CLEANLITES** ..... Monday – Friday, 7:30am – 4:30pm
CLEANLITES reserves the right to designate transporter for scheduled pickups.

Pickup or Delivery must be scheduled with a CLEANLITES representative.
Please call 864.579.4800 to schedule.

Truck Demurrage Charge..... $ 49.50 per hour, after 1st hour
Labor Performed on job site ..... $ 37.50 per hour, per technician

On-Site Training ..... $150.00 per site
..... $ 38.50 per hour

5.Transportation Charges

See pages above for pricing provided by each vendor.

6. Community Collection Event Service

Note: One vendor (Southeast Recycling Technologies) offers services to municipalities and counties to put on public collection events for electronic materials, as described and priced below. Generators are encouraged to discuss with the vendors any plans they have for collection events to determine the best value.

7. Other Services

Note: Each vendor provides supplementary services that may help generators better manage their surplus electronics and prepare them for recycling. Generators should assess their situation to determine if any of these services are necessary or desired. Generators should consult with the companies.

8. Taxes

Prices or Discounts shown herein do not include any North Carolina sales or use taxes.

9. Contractors

All known minority, women and disabled owned businesses, as well as disabled business enterprises and nonprofit work centers for the blind and severely disabled, including dealers, will be identified with "Minority owned" "Woman owned", "Disabled Owned", "DBE" or "BSD" as appropriate after the vendor number. This is being done in an effort to recognize these businesses and to encourage and promote their use to the greatest extent permitted by law.

When more than one supplier is listed for a particular item, selection should be made, whenever possible, from any of the groups identified above, consistent with agency needs and price considerations.
