

\$100 REWARD FOR WEAKFISH **RED TAG**

NC STATE UNIVERSITY RESEARCH PLEASE CUT OFF TAG FOR REWARD!

If you catch a weakfish with a **red tag**, please cut off the tag at the base, retain it, and call **1-800-790-2780** to receive the **\$100** reward.

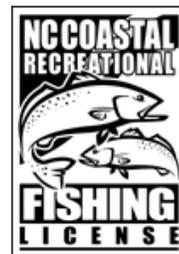

When you call, we will ask for the date, time, and location of capture, a picture (if taken), the fish's total length (snout to end of tail), and whether the fish was kept or released. Note: Some fish have two tags – Important to check both sides of the fish, cut off both tags and call 1-800-790-2780.

We are studying migration and habitat use of weakfish. We thank you for your assistance, as tag returns from both the commercial and recreational sectors are vital to the success of the study.

If you have any questions about the project or would like to learn more, please contact:
